

**68.** In terms of the availability of free pre-school education, it is mentioned in the text that it

- A) is now part of nearly all developed countries.
- B) hardly exists in low-income countries.
- C) is a reality in only two-thirds of high-income countries.
- D) is a privilege of all children in the UK.

No final do sétimo parágrafo, podemos perceber que a disponibilidade de educação pré-escolar gratuita é uma realidade em apenas dois terços de países de renda alta.
