AMY'S
SCHOOL TRIP

ACKNOWLEDGMENTS

We would like to thank the staff at Colégio Christus and our teachers for all their knowledge and dedication throughout this year. We also thank the team that helped create this book and our families, who were always by our side. This book represents a little piece of our story, our dreams, and everything we have learned. Thank you so much to everyone who was part of this journey!

Hi! My name is Amy, and today i'm
goingto show you some places!

How about I show you my school first? Let's go!

Hi, Amy! I'm doing my homework. Do you want to help me?
This is my school! Look! This is my friend, Hummer.

Today we are very happy because we are going to see many places in the city.
on our school trip.

This is the mall. The mall is a very
Nice place to spend time with family!
Now, let's go into the mall.

Hm...I'm hungry. I'd like to eat a sandwich. Look at the snack bar!

The food is delicious, but now let's go somewhere else.

Now, let's go to the club. Look at the pools! Some children are swimming.

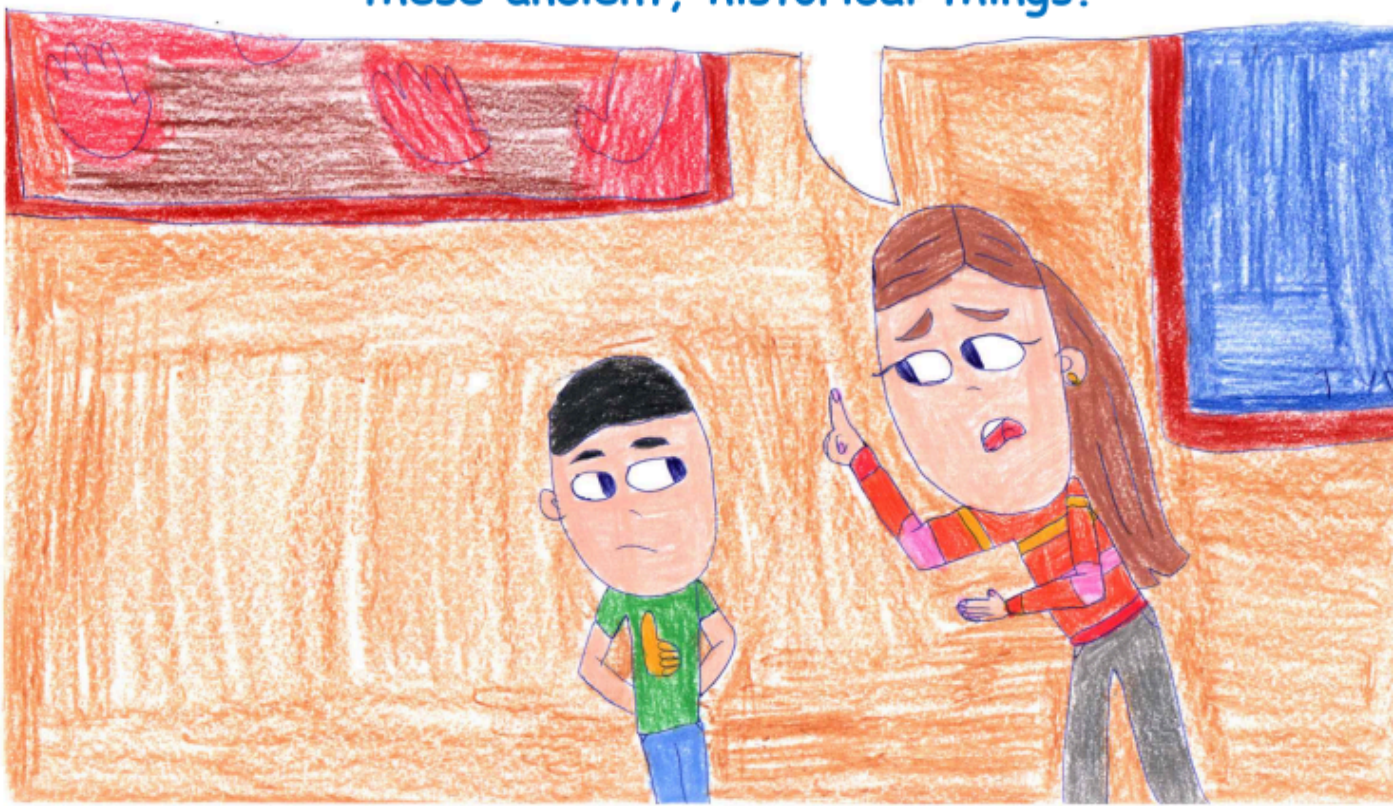

Next up is the museum. The museum is a place that houses ancient art and old animal remains, like dinosaur bones.

Look! That is a T-rex bone! Wow!
That is so beautiful.

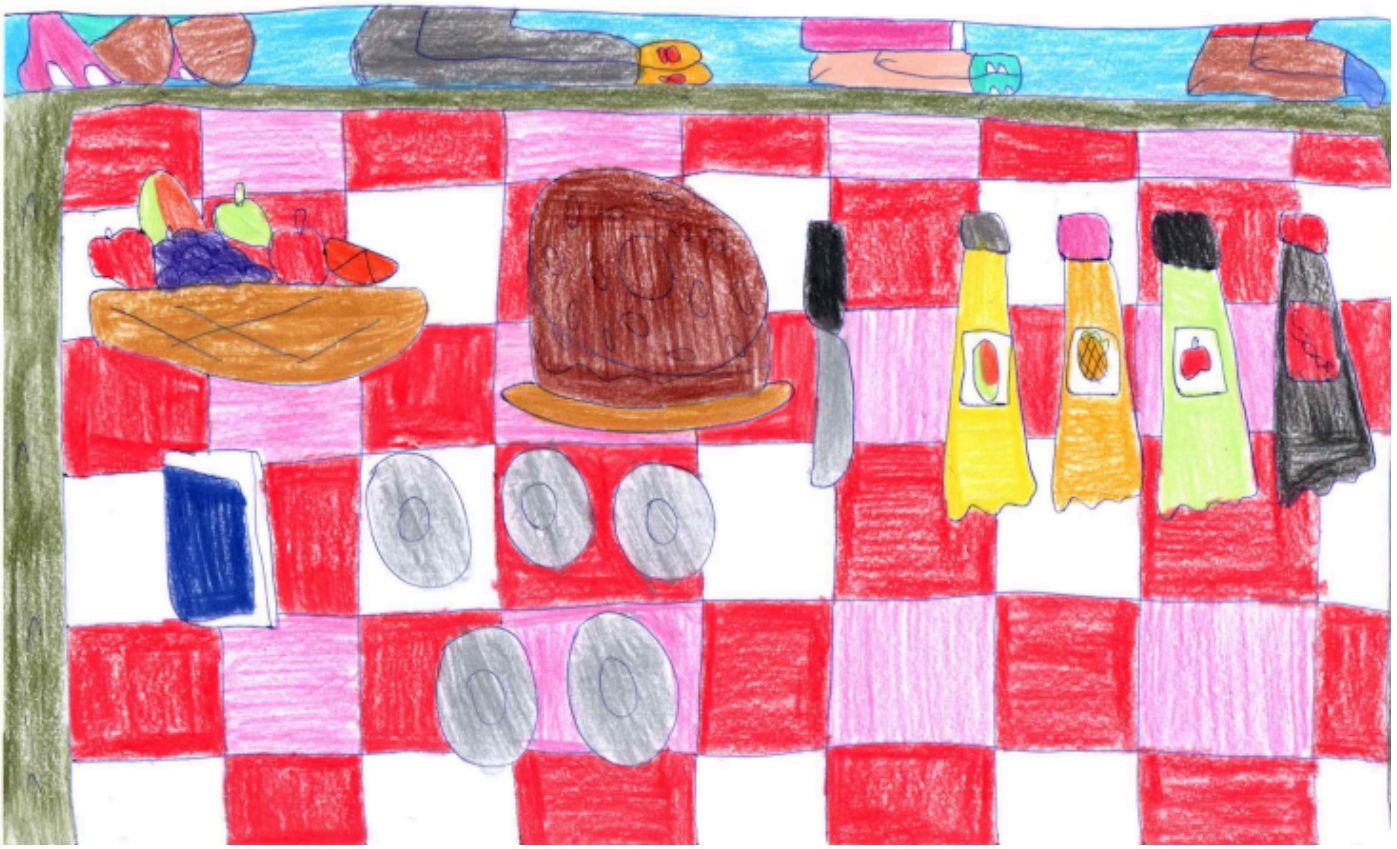

Watch out! Don't touch that the museum preserves all of these ancient, historical things.

The next place is...the park! The park is a place where usually play. Let's play ball with my friends and have a picnic.

Let's eat fruit, sandwiches, and cake, and drink a some juice and soda. Delicious!

Did you enjoy the trip? What is your favorite place?

CLASS BIOGRAPHY

The 7th-grade afternoon class at Colégio Christus is made up of 5 students: Gabriel Ribeiro Rocha, Davi Lucca de França Oliveira, Heitor Pessoa Nunes, João Pedro Menezes Martins, and Ana Cecília Loiola de Freitas, each with their own unique personality.

Between playing around, group projects, exams, and learning, we built strong friendships. This class showed that we can overcome challenges and reach our goals when we work together.
