First of all, we want to thank God and also our school that provided us with this wonderful and incredible experience and also our coordinators Marcia and Joyce and our book coordinator teacher Alessandro who helped us to make this beautiful book.

Anna was happy for Sportive Week.
She came to school with a big smile.
Her friends were excited too.

Sophia brought paint and colorful paper.
She loved art and music activities.
She was ready to have fun.

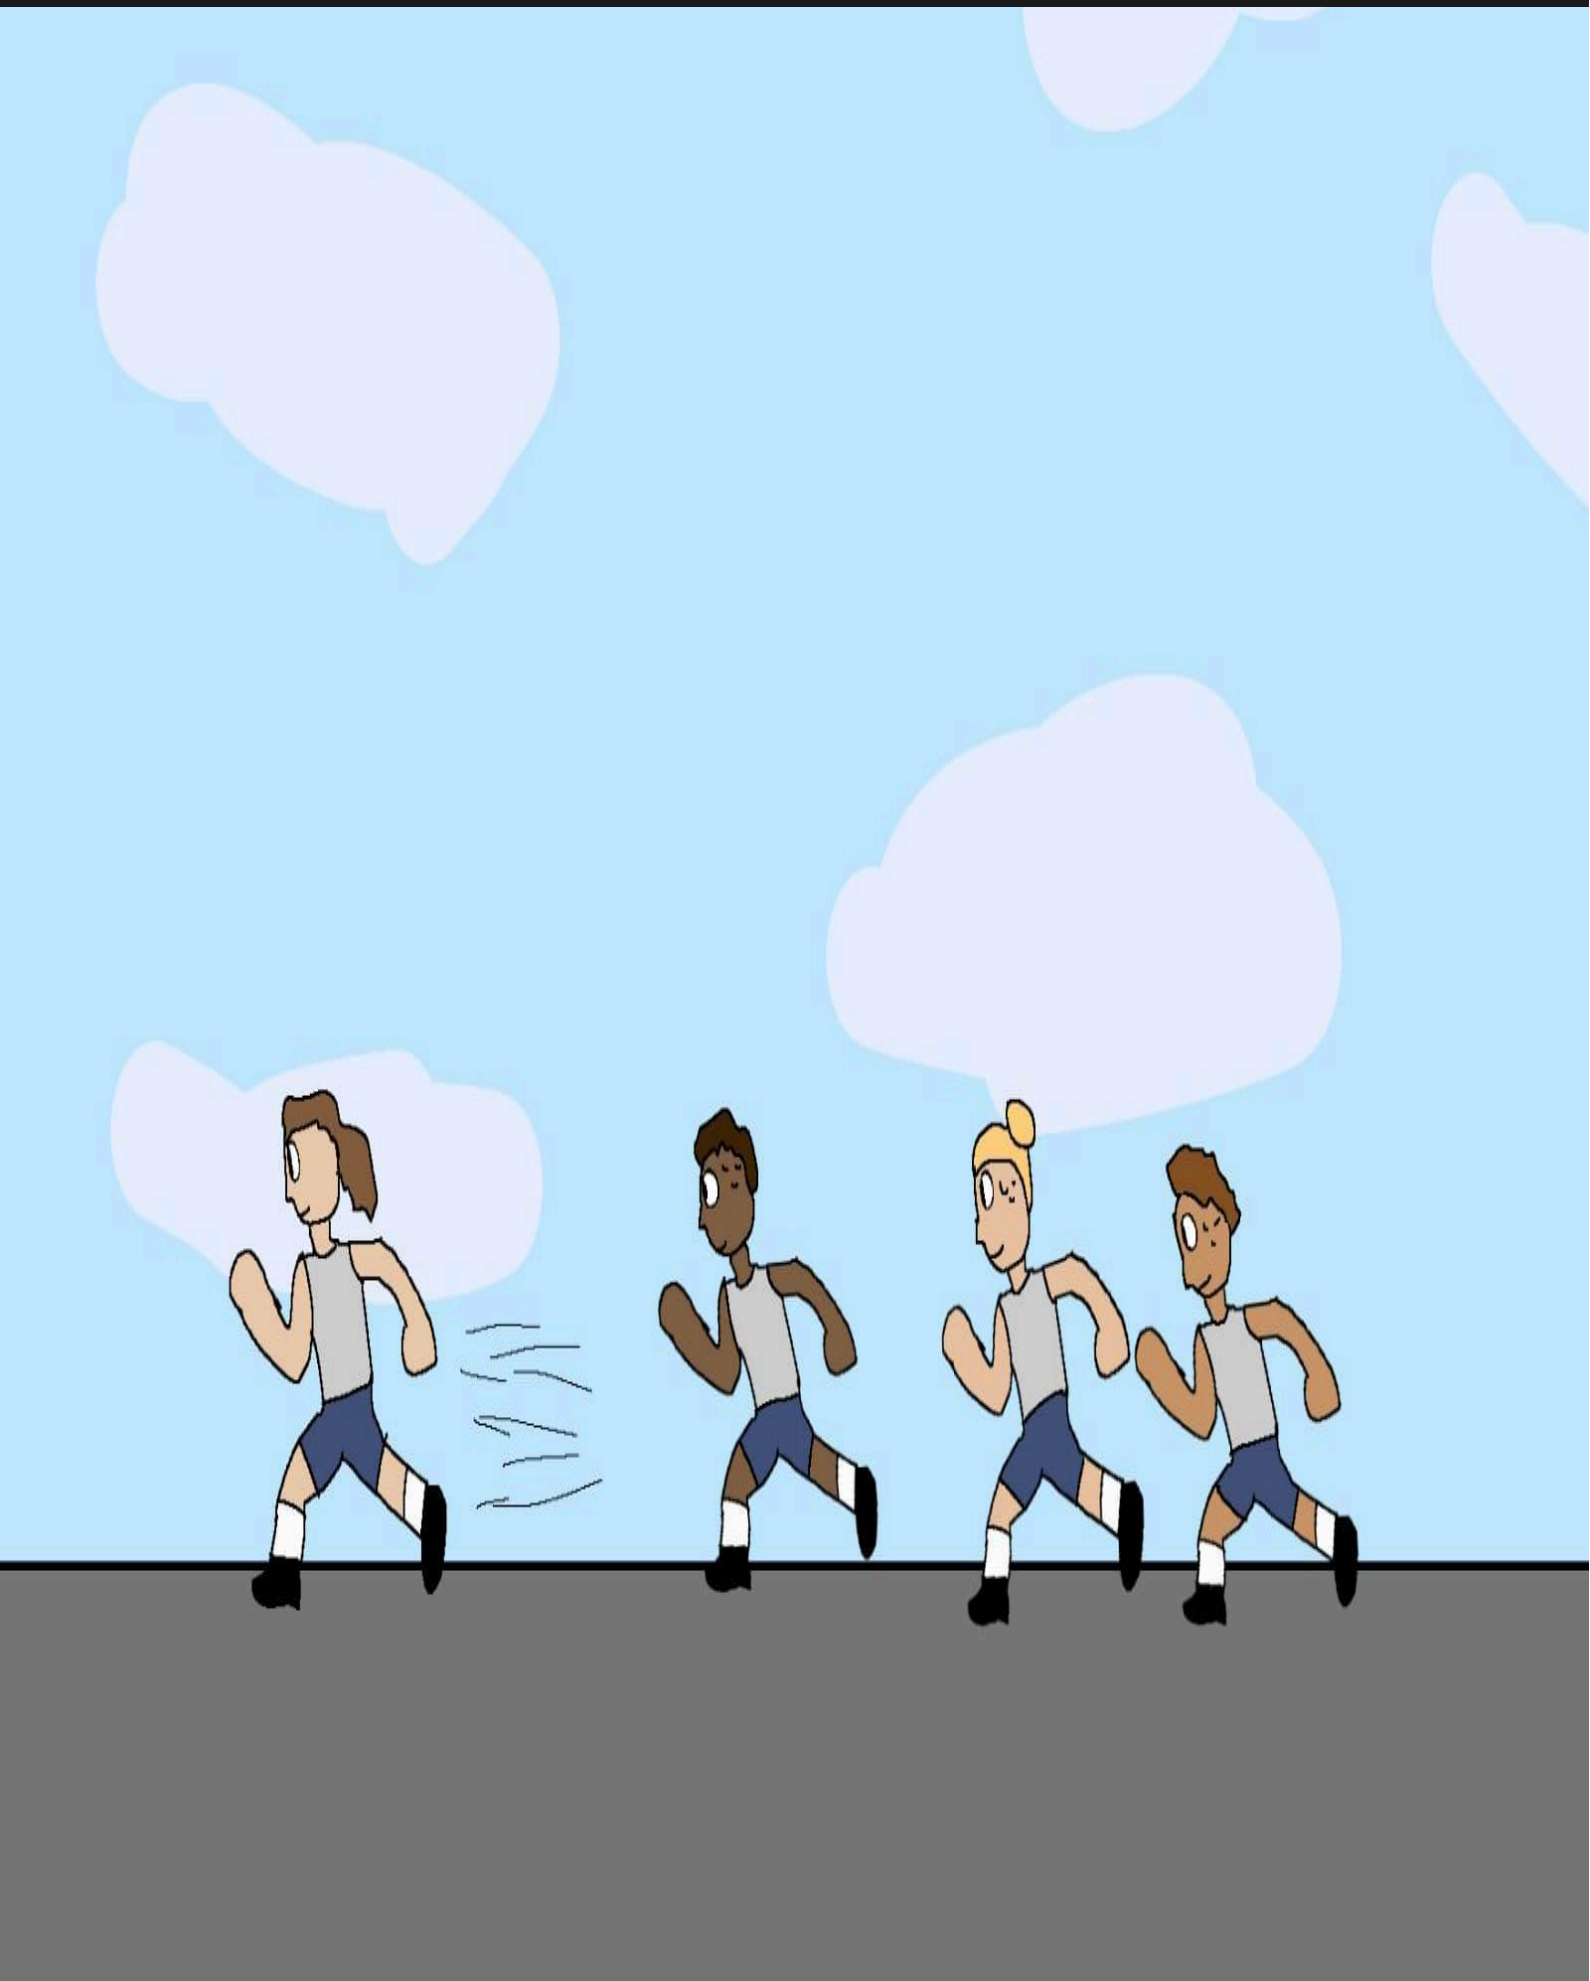

Francis wore his sports shoes.
He wanted to run and jump all day.
He felt strong and excited.

Gabriel brought a soccer ball to school.
He loved playing games with friends.
He was full of energy.

First, the children ran in a race.
Anna ran very fast on the field.
Everyone clapped for her.

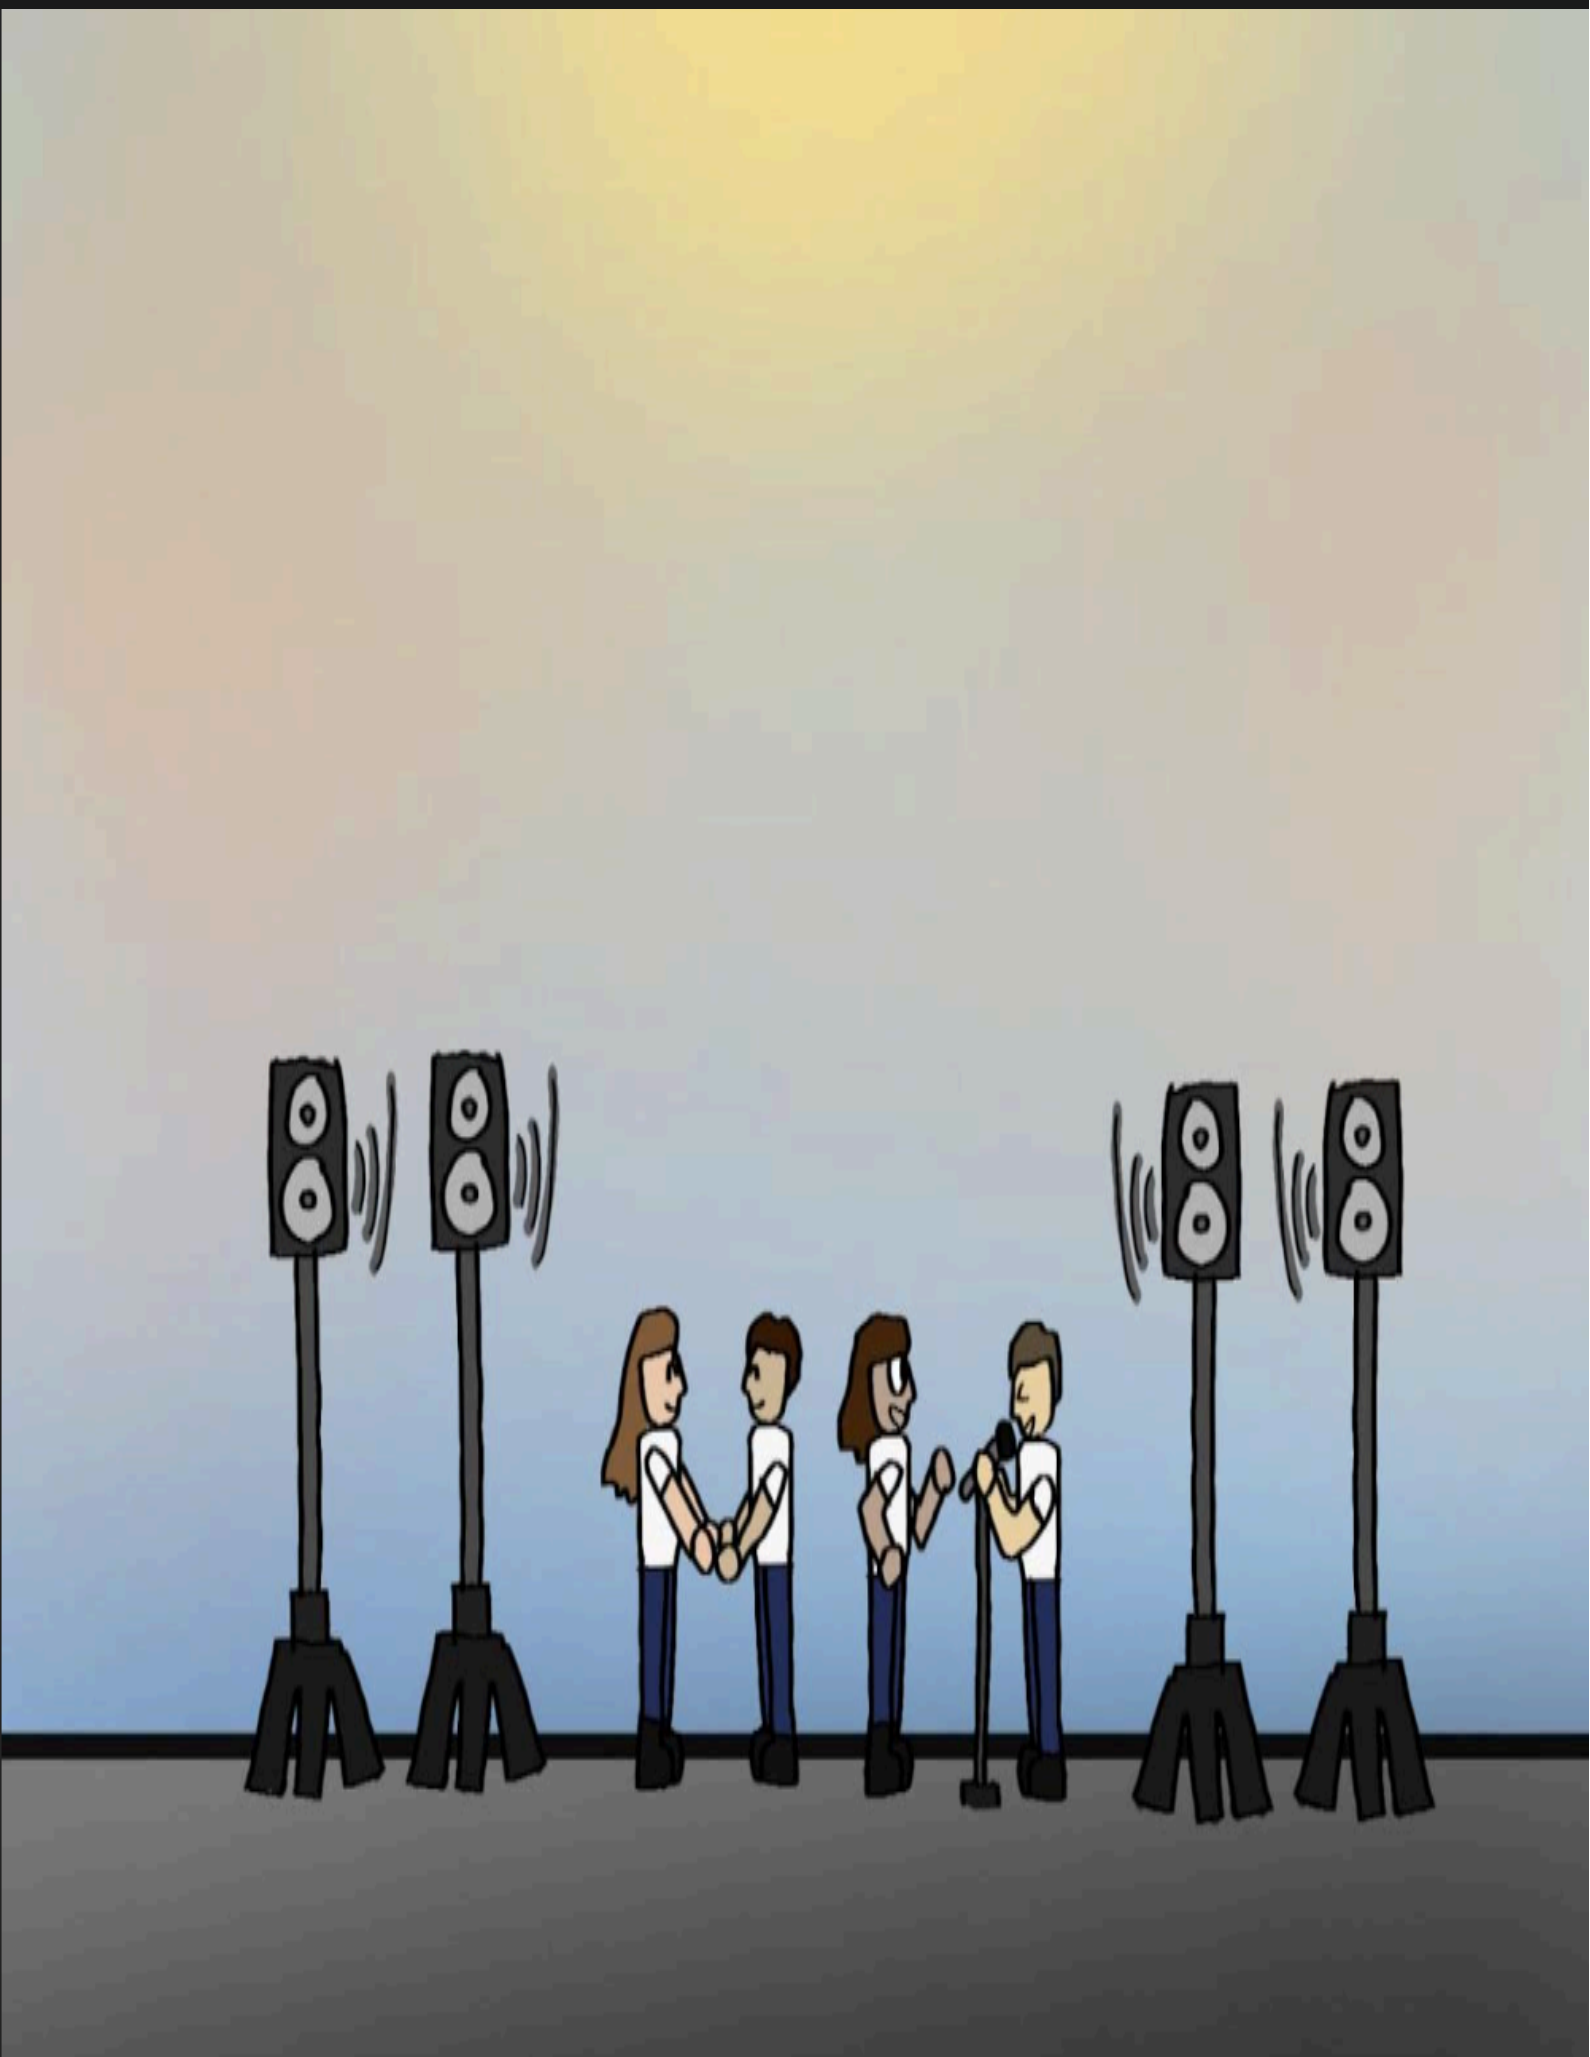

Next, Gabriel played soccer with Francis.
They kicked the ball and scored goals.
They laughed and played happily.

Then, Sophia made a beautiful painting.
She used blue, yellow, red, and green.
Her picture made everyone smile.

After that, all the children danced together.
They sang songs and played music. The school was full of joy.

At the cultural fair, they learned new things.
They saw dances, food, and fu games. It was exciting for everyone.

At the end, they got medals for doing their best.

They were proud and very happy.

Sports Week was amazing for all.

We are 24 classmates, with different likes, dislikes, appearances, behavior, opinions, and disagreements. Sometimes we do have some misunderstandings, but in the end, we all get along with each other, because if that wasn't the case, we wouldn't be able to make this wonderful book!
